Cookie policy B-parking.nl

Cookies are small (text) files that are stored on cell phones, tablets and PC's. These files store specific data from the websites you visit. Cookies can be placed for various purposes such as improving the website. B-Parking.nl (www.b-parking.nl) uses cookies that are not traceable to a person or a specific PC / tablet / mobile phone. This ensures that personal data is not traced and / or stored by the cookies

B-parking.nl uses functional cookies for the website. These cookies are necessary for the website to function properly and ensure that the website is user-friendly for you as a visitor. You can think of remembering website preferences such as language.

In addition, B-parking.nl uses Google Analytics. This allows us to measure the following: number of visitors, number of sessions, duration of the session, when visitors visit the website, on which days, number of active visitors, country of origin, pages clicked and with which device visitors view the website. Based on this data, we can optimize our site and make it more user-friendly. We have completely anonymized the Google Analytics cookies, which means that no permission is required. The requirements that the Dutch Data Protection Authority has set for this are:

- Accept the 'Amendment data processing'
- Block the sending of full IP addresses and also force SSL
- Turn off data sharing with Google
- Inform your visitors in a cookie statement about your use of Google Analytics.

Our website stores the following cookies:

Cookie naam	Doel
svSession	This cookie is used to understand what a site visitor has done on a site, what he clicked, opened, etc.
PHPSESSIEID Wix apps	This is a simple token that is used by all PHP applications to identify your unique session. The main purpose of the cookie is to maintain the integrity of your session while processing information with our website.
JSESSIONID	This cookie keeps users statistics on page visits. Because this is a session cookie, it does not collect information from the user's PC or the user's identity. The information it stores is a session identifier that in no case personally relates to the user.
UserType	This Cookie specifies the type of user. This is completely anonymous.
Hs	Security
Incap_ses_${Proxy-ID}_${Site-ID}	Security
incap_visid_${Proxy-ID}_${Site-ID}	Security
Nlbi_{ID}	Security
XSRF-TOKEN	Security

You can disable the use of cookies at any time via your browser settings and by deleting the already stored cookies on your computer. Disabling cookies doe have consequences for your use of the websites. It can lead to some functions of the websites not functioning properly. More information about cookies can be found at:
